Worked with IBM India Pvt Ltd at Bangalore as Technical Support Representative for the duration of 7 months (16/08/2012 to 07/03/2013)

PROJECT DONE:

Academic Project Done:

Project Title	Nymble: Blocking Misbehaving Users
Team size	3
My role	Tester and Designer We had a demo website of KSRTC bus online ticket booking, where I designed the GUI and was responsible to test each module against validation and verification. Also check the software created provided complete authentication to each user at all level and protected the website from unbehaved users.
Description	A system in which servers can “blacklist” misbehaving users, thereby blocking users without compromising their anonymity. Our system is thus agnostic to different servers’ definitions of misbehaviour — servers can blacklist users for whatever reason, and the privacy of blacklisted users is maintained.
